

TABLE OF CONTENTS

Electronics & Automation

01	Nguyen Thi Huyen, Duong Duc Ha, Giap Viet Anh, Luu Dinh Nam, Tran Thi Hoa Improving buried object localization accuracy in heterogeneous environments using TOA-based IR-UWB and machine learning.	3 – 11
02	Tran Van Anh, Vu Tuan Anh, Nguyen Tien Phat An interference-matched notch filter for narrowband RFI suppression in SAR.	12 – 19
03	Pham Hong Hai, Nguyen Trung Son, Le Duc Tung, Tran Anh Minh Thermal stress analysis of dry-type transformers under short-circuit conditions considering temperature-dependent epoxy properties.	20 – 29
04	Tran Quoc Huy, Do Anh Cuong, Pham Duc Thong, Pham Van May Developing a new mathematical model and evaluation of the effect of parabolic mirror edge rounding on the collimated field quality of an infrared collimator used in single-channel aerial vehicle testing equipment.	30 – 37
05	Vu Quoc Huy Kinematics of the line of sight angle and image-center deviation of the observatory on the mobile vehicle in terms of affecting speed and attitude.	38 – 47
06	Pham Van Nam, Nguyen Vu Thang, Tran Dinh Tri, Pham Tien Ngoc Hai, Nguyen Quy Nhat, Dinh Van Duc, Trieu Anh Tuan, Nguyen Thi Hang Design of an adaptive fuzzy–PID controller for a DC motor-based railway barrier system.	48 – 57
07	Nguyen Vi Thuan, Nguyen Viet Phuong, Nguyen Ngoc Hung, Nguyen Thi Thu Trang Synthesis of a hybrid super-twisting and adaptive fractional-order sliding-mode control law for the gimbal seeker ensuring disturbance rejection and high accuracy.	58 – 65

Chemistry, Biology & Environment

08	Nguyen Ngoc Son Green synthesis and surface functionalization of zinc oxide nanoparticles with glutamine/pluronic F127 for enhanced antimicrobial activity.	66 – 72
09	Hoang Van Quyen, Nguyen Quoc Tu, Le Cong Binh Research on the phlegmatization technology of RDX with oxidized polyethylene wax.	73 – 80
10	Nguyen Van Bang, Nguyen Thi Phuong Study on the synthesis and structural characterization of spinel-structured Co ₃ O ₄ metal oxide derived from metal-organic framework materials.	81 – 87
11	Bui Thi Hoai Thu Epoxy resin K-153A and poly(propylene glycol) diglycidyl ether/graphene oxide polymer composite based for properties enhancement.	88 – 95
12	Doan Minh Cuong, Nguyen Thi Huong, Dinh Van Long, Vu Quang Hung, Nguyen Tien Manh, Vu Minh Thanh Research on the microstructure transformation and mechanical properties of lead alloy layer covering copper electrodes of high-capacity lead-acid batteries upon heat treatment.	96 – 103

- 13 Nguyen Trong Dai, Hoang Anh** **104 – 110**
Influence of components on the fabrication and ballistic characteristics of MC explosives.
- 14 Ngo Quoc Khanh, Tran Quang Tuan** **111 – 119**
Study on the formulation of transmission lubricating oil for military motor vehicles.
- 15 Le Thi Ha Trang, Tran Thi Hai Yen, Nguyen Thi Phuong, Do Dang Hung** **120 – 126**
Study on factors affecting the remediation of DDT-contaminated soil using the Biosoil bio-preparation.

Physics & Materials Science

- 16 Tran Nghiep, Pham Thanh Dong** **127 – 134**
Application of the physical optics method to estimate the RCS of a fixed-wing UAV.
- 17 Nguyen Quyet Thang, Pham Duc Chinh, Nguyen Thi Thanh Nhan, Nguyen Vu Nhan, Nguyen Thu Huong** **135 – 141**
Acousto-electric current in graphene under the influence of electromagnetic waves.
- 18 Nguyen Van Hung, Mai Huu Thuan** **142 – 149**
Investigation of characteristic thermal signatures of breast tumors using infrared thermography.

Information Technology & Applied Mathematics

- 19 Nguyen Trung Hieu, Pham Viet Cuong, Tran Nguyen Ngoc** **150 – 157**
A hybrid structural-contextual framework for malicious URL detection based on graph attention networks and knowledge distillation.
- 20 Vu Nam Anh, Mai Dinh Sinh, Dang Trong Hop** **158 – 167**
A new approach to semi-supervised fuzzy graph-cut clustering.

Mechanics & Mechanical Engineering

- 21 Nguyen Quoc Tuan, Nguyen Van Quan, Doan Tat Khoa, Duong Quoc Dung, Nguyen Minh Dat, Trinh Quang Hung** **168 – 175**
Experimental characterization of Inconel 625 powder stream and single track deposited on SS400 steel by direct laser metal deposition.
- 22 Ngo Tien Sy, Ho Van Khanh** **176 – 184**
Optimization of a silent mortar baseplate with increased ground contact area.
- 23 Dao Hong Hai** **185 – 192**
Static stability analysis of dielectric elastomer.
